

hello, I am

Laure Issa

a 23-year-old multimedia engineer

education

IMAC ENGINEERING SCHOOL **PARIS** **2016 - 2019**
computer science, audiovisual, 3d

CHONBUK NATIONAL UNIVERSITY **JEONJU** **2018 - 2019**
(exchange student) computer science

UNIVERSITY OF ANGERS **ANGERS** **2014 - 2016**
computer science, mathematics

Science-educated, I was always into arts - so digital arts is my main passion because of its mix of two dichotomic subjects, that complete each others perfectly, and make infinite wonders out of them. Coding with colors, shapes, and music is what I am aiming for in my future career !

skills

Processing, Unity, C++,
OpenGL, C# JAVA, HTML/
CSS, Javascript (React)

~
Photoshop, Illustrator,
Premiere, AfterEffects,
